

GIVING HOPE to the Destitute

Vizak Slum School

Our local field officer, Mr. Raj Varma has been sent to begin the work on this special school located in the major slum area in Vizak. Asian Aid is supporting over 100 children with education and meals at this school. The repairs and renovation are desperately needed. There is always a need for the children in slums. Thank you for your past and on going support.

GIVING HOPE with Medical Day-Clinics

A special medical day-clinic was held for the people of four villages in the Penguva region of Andhra Pradesh. These are very poor villages where there is no medical service available. A doctor and two assistants from Bobbili were sent by Asian Aid to hold this much needed clinic. Basic procedures and necessary medicines were provided. With Asian Aid's help, a number of malaria cases and other conditions were diagnosed and referred for further treatment.

GIVING HOPE to the Orphans

Sunrise Home

Despite the conditions in which they live, the kids from Sunrise Orphanage are always happy and excited to experience new things in their lives. There have been many power outages in Bobbili. Asian Aid has purchased a generator so daily power outages will no longer impact the children's daily activities. The children love working on the new land for Sunrise! They have been learning and helping with the first crop of corn grown on the new land. The education in agriculture they are receiving will benefit them and the school for years. The simple things, like playing outside, working the land, having a picnic thrill these children. The current building has no room for a playground. Most of the students sleep on a small mattress on the floor, side by side. When the new home is built, their lives will improve. In the new facility, they will each have their own bed and space outside for play and work.

Please GIVE HOPE to these orphans, and 100+ more, by supporting the Sunrise Home appeal.

GIVING HOPE to Children, Families & Communities in Nepal, Bangladesh, India & Sri Lanka

August 2010 Newsletter

Greetings.

The last three months have been a busy time attending three regional ASI's, Soquel California Camp Meeting, the General Conference and preparation for the national ASI in Orlando. Our booth at the GC was very busy and attracted great interest in our new TV Series Hope in Motion. Filmmaker Terry Benedict with Mrs. Helen Eager did TV and media interviews while at the GC. Mrs. Eager and our Director from Nepal were also featured on The Hope Channel.

In the USA our biggest need is still new sponsors and although we are beginning to achieve growth the need is still huge. If you want material to distribute or programs to show in meetings, church or Sabbath school please contact us ...

YOU CAN HELP THE CHILDREN. YOU CAN GIVE HOPE.

Our most current appeal is to support the operation of Asian Aid as we reach to find new sponsors. Wages, travel, attendance at the GC, ASI conventions and camp meetings are all costs we must incur to achieve growth. Your support to help us reach more children in such terrible circumstances is our immediate need. Please mark any additional donations for 'Operating Support.'

Sunrise orphanage plans are going well. I will be in India in September to finalize the building plans. We have a staff member in Vizak this week to start the renovation of the slum school. Both these projects help those who need it most so we ask for your prayers and support.

Jim Rennie CEO Asian Aid USA

GIVING HOPE to Thousands

Asian Aid in action!

Just some of the projects we have sent funds for this month.

- New school uniforms for every child.
- New school books for every child.
- Funding for the repair of the Vizak slum school.
- Funding for a Maranatha group to paint the Blind school.
- Staff funding for the Sunrise orphanage.
- Monthly education support for thousands of children

HOPE in ACTION!

Asian Aid student success

Born in a small village in Andhra Pradesh, India, Pesaramalli Devadanam seemed destined to be no different than any other boy in his poor farming village, but God had a different plan for Dev. One day, as an Asian Aid team member was doing field work in his village, he saw something in Dev and determined to find him a sponsor. That sponsor's support allowed Dev to transfer from a poorly run government school to an SDA boarding school in Nuzvid where he not only received a good education but he learned of God's love and His plan for Dev.

Dev sat for his entrance exam to be accepted into a masters program when he finished at Nuzvid. He was awarded a free seat at Hyderabad Central University because he received the second highest honors for the entire country. He now works as a research scientist in the biotechnology field where he consults and is project manager for molecular diagnostic work.

Wanting to give back, Dev helped two more Asian Aid kids get their degree at his university. Dev's sponsor "Gave him HOPE" and now he works helping thousands in his country.

Field Visits to India

Asian Aid is considering sending some small groups to India early in 2011. The groups will visit a number of orphanages, the Vizak slum school, Blind school, Jeypore and the new Sunrise project. Each group would spend two or three days doing a simple project at one of the schools. This will be a great opportunity for supporters to see the need and in turn share with others.

To help us determine interest and plan please contact us and we will keep in contact with you as we make plans.

Call us on 1 866 569-7933 or email support@asianaid.org.

This will be a unique opportunity.

HOPE in Motion TV series:

The special TV series is now on air!

The series has been filmed and produced by Terry Benedict who also produced the *Desmond Doss* movie.

Hope in Motion is showing on 3ABN at these times:

Friday 5:30pm CDT
 Sunday 9:00am CDT
 Wednesday 11:00pm CDT

We now have a DVD with the first six TV programs. You MUST get a copy of this to see the exciting stories and the way your support is helping those in need. The cost including postage for the DVD is \$5.00, or you can make a donation of any amount to the operating support fund and we will send you a copy.

YOU can GIVE HOPE every day to a child Children need sponsors!

These are just some of the children who urgently need sponsors. Individuals, families, Sabbath schools, Pathfinders, school classes are just some of the people or groups who could make a difference with a child every morning of their lives. **Give HOPE today!**

Milly's father can't find work, can't feed his family. He is a day laborer with no education.
\$35 Boarder
 Id: **BKM005**
