

Blind School

Status: In Progress

Country Office: India

Duration: August 2012 to TBA

Project Coordinators: Jim Rennie David
Keeler

What does this project aim to achieve?

Located in the countryside just outside Bobbili, India, the Asian Aid School for the Blind has over 160 fully or partially blind boarding students. This school provides the students with Braille books, special learning equipment, and for their personal needs. These special needs children need urgent support.
