

Orphanages

Status: In Progress

Country Office: India

Duration: August 2012 to TBA

Project Coordinators: Jim Rennie David
Keeler

What can you do to help?

Asian Aid fully supports four orphanages in India. These children, many with heartbreaking stories, are fully dependent on Asian Aid support for their daily needs. Asian Aid is completing the new Sunrise Home and plans to extend and improve two other Indian orphanages to give over 150 orphans a new home.

Support of this fund will ensure that these children can live with the love of a new family and the have security of a home.
